We express our deep concern and regret that Turkey provided political and military support to Azerbaijan in its hostilities against civilians in Nagorno Karabakh and Armenia⁷.

We also invite your attention to the official information provided by the Armenian Government in respect of the use of all 300-caliber rocket launchers existing in the arsenal of the Azerbaijani army, including Smerch, Kasirga, Polonez, TOS-1A heavy flamethrower systems. This information is also confirmed by inhabitants' testimonies and the disseminated photo and video footages⁸.
